

Tuition Scholarship Application Guidelines

1. Scholarship recipients are expected to fully participate in all rehearsals, concerts, and other choir activities.
2. Recipient families are expected to pay agreed upon tuition amounts promptly at the beginning of each month.
3. When the choir grants a scholarship to a singer, it is making an investment in the future of both the singer and the choir. It is therefore expected that the singer will continue as an active member of HVCC.

The applicant should understand that all financial communication between the applicant, the applicant's family and the scholarship committee will be kept in the strictest confidence. Therefore scholarship awards are also not to be disclosed.

I fully understand the above guidelines and need for confidentiality. Please sign below.
